**(100) Service Quality Improvement Reporting
Data Collection Form**

FCC Form 481

OMB Control No. 3060-0986/OMB Control No. 3060-0819

July 2013

<010>	Study Area Code	351346
<015>	Study Area Name	ACE TEL ASSN-IA
<020>	Program Year	2014
<030>	Contact Name - Person USAC should contact regarding this data	Cynthia Sweet
<035>	Contact Telephone Number - Number of person identified in data line <030>	5078966211
<039>	Contact Email Address - Email Address of person identified in data line <030>	csweet@acecomgroup.com
<110>	Has your company received its ETC certification from the FCC?	(yes / no) <input type="radio"/> <input checked="" type="radio"/>
	If your answer to Line <110> is yes, do you have an existing §54.202(a) "5	
<111>	year plan" filed with the FCC?	(yes / no) <input type="radio"/> <input type="radio"/>

If your answer to Line <111> is yes, then you are required to file a progress report, on line <112> delineating the status of your company's existing § 54.202(a) "5 year plan" on file with the FCC, as it relates to your provision of voice telephony service.

- <112> Attach Five-Year Service Quality Improvement Plan or, in subsequent years, your annual progress report filed pursuant to 47 C.F.R. § 54.313(a)(1). If your company is a CETC which only receives frozen support, your progress report is only required to address voice telephony service.

Name of Attached Document (.pdf)

Please check these boxes below to confirm that the attached PDF, on line 112, contains a progress report on its five-year service quality improvement plan pursuant to § 54.202(a). The information shall be submitted at the wire center level or census block as appropriate.

- <113> Maps detailing progress towards meeting plan targets
 <114> Report how much universal service (USF) support was received
 <115> How (USF) was used to improve service quality
 <116> How (USF) was used to improve service coverage
 <117> How (USF) was used to improve service capacity
 <118> Provide an explanation of network improvement targets not met in the prior calendar year.

Certification that Ace Telephone Association is complying with applicable service quality standards and consumer protection rules

As a local exchange carrier, Ace Telephone Association (Carrier) is obligated to comply with the numerous consumer protections and has established operating procedures designed to facilitate compliance with such consumer protections rules and service quality standards. As part of the operating procedures, appropriate training is conducted for employees.

Carrier is complying with all applicable and effective public service commission and FCC consumer protection rules and service quality standards. Carrier has a Customer Proprietary Network Information (CPNI) Manual which reflects the FCC's current CPNI rules. A copy of the Manual, Annual CPNI Compliance Certificate and annual notices to customers on matters related to customer privacy has been submitted with this filing.

Carrier has also implemented an Identity Theft Prevention Program in accordance with the federal Red Flags Rule. A copy of manual has been submitted with this filing.

**NATIONAL
DO NOT CALL
REGISTRY**

Restrict Unwanted Telephone Solicitations

In 2003, the Do-Not-Call Act was signed into law. This legislation allowed for the establishment and enforcement of a national Do-Not-Call Registry giving consumers a choice regarding telemarketing calls. **If your number is listed on the registry, all commercial telemarketers, except for businesses with whom you have an existing relationship or certain non-profit and political organizations, are not allowed to call you.**

Consumers may register their residential telephone number, including wireless numbers, on the national Do-Not-Call Registry by telephone or by Internet at no cost. **To register by telephone, consumers may call 1-888-382-1222.** For TTY, call 1-866-290-4236. You must call from the phone number you wish to register. **You can register on-line for the national Do-Not-Call Registry via the internet at www.donotcall.gov.**

Inclusion of your telephone number on the national Do-Not-Call Registry will be effective 31 days after registration. Your number will remain on the registry permanently. You are allowed to remove your number from the registry at any time.

Annual Notice provided
to Consumers / customers

Services

Ace Service

ACE COMMUNICATIONS GROUP is a cooperative that pays capital credits to its members. Capital credits are amounts in excess of operating costs and expenses and are allocated to members based on their business (patronage) with Ace. Capital credits are paid to members at the discretion of the Board of Directors. In order to be a member of the Ace cooperative, you must have telephone service. For more information on capital credits and membership, please contact Ace's Membership Department at 1811 or 888-404-4940 (option 4).

ACE LINK TELECOMMUNICATIONS, INC. is a wholly-owned subsidiary of Ace Communications Group and serves the City of Caledonia, Minnesota. Ace Link is a corporation, not a cooperative.

New Telephone Service

To apply for telephone service, call Ace at 1811 (toll free from any Ace serving area) or 888-404-4940 or visit us at 207 E. Cedar, Houston, MN.

Residential customers must provide:

- name
- old and new address
- social security number
- date of birth

Business customers must provide Articles of Incorporation, Articles of Limited Liability Company or a Partnership Agreement, and complete an account authorization form.

Federal Trade Commission rules require verification of identity or corporate authorization before new service is installed.

Customers must be age 18 or older to open an account.

Disconnecting Service

If you no longer need phone service from Ace, call with the following information:

- name
- telephone number
- new address for final billing and capital credits records

Teen Service

Now you can know who a call is for before you answer the phone. With Teen Service, you can have two telephone numbers assigned to the same line. Each number has a distinctive ring, so you can assign a number solely to the children. Or, you can assign a separate number to your home business and one to the family.

(Although you have two telephone numbers assigned to your line, you have just one line and only one conversation can be held at a time.)

Monthly Charge....\$3.95 Installation Charge....\$18.00

Revertive Calling

Revertive calling enables you to call your own telephone number. This is useful when you wish to call your extension phone in another building or in another part of your house. (This may not be available on all telephone lines.)

To place a revertive call:

1. Dial your 7-digit number.
2. Listen for recording and hang up.
3. When phone rings, lift receiver and talk.

Telephone Service Connection Charges

(Residential or Business)

Service Order Charge\$12.00
Central Office Charge\$ 6.00
Trip Charge\$60.00

Leased Telephones

Touch-tone telephones:

Standard wall or desk phone\$2.00/month

Ace Assurance

Suprises can be fun. But, when it's your phone, television or internet service, you'd rather not be surprised with service charge to figure out why you can't get connected. With Ace Assurance, you make one call and we'll be on our way to finding the problem. It's always Ace's responsibility to fix problems that exist in our equipment beyond where our lines physically connect to the service wires inside your home. But if the problem is within your home, you are charged \$60 for a service call.

With our Ace Assurance plan, we'll diagnose the problem and offer a solution, all for a low monthly fee that's added to your bill. Call us at 888.404.4940 and learn more.

Monthly Charge....\$1.95 per service (phone, DSL, TV)

Non-Published Numbers

You may wish to keep your telephone number private with a Non-Published number.

Non-Published telephone numbers are not listed in a directory or given out by operators at directory assistance.

Monthly Charge....\$1.00 Installation Charge....\$12.00

Vacation Rate Service

If you are leaving town for an extended period of time you may wish to place your services on Vacation Rate. This will assure you of keeping the same telephone number and email address and will reduce the paperwork required when you return home. Vacation Rate charges vary by service. Services can be on Vacation Rate for longer than six months and no less than 30 days. Call Customer Service at 1811 for more information.

900# Block

Access to 900 Blocking Service is available to all subscribers with no Service Order charge for the first block. Subsequent requests to change blocking status will incur a Service Order charge.

Toll Denial

Toll denial, available to all customers, prevents any long distance calls made from your phone. However, if you want to be able to place some long distance calls, you can have Toll Denial with PIN (personal identification number) or ride installed on your line. Each time a call is placed from your phone, you must enter your PIN to gain access to long distance toll network.

Toll Denial onlyno charge Install Charge.....\$18
Toll Denial w/PIN..\$2.00/mo. Install Charge.....\$18

Note: All prices and services subject to change

Calling Features

NOTE: Caller ID, Blocking, Unblocking, and Call Trace may not work when calling from some pay phones, PBX, Key, Centrex systems, or when placing 800 number calls.

Caller ID/Call Waiting ID

With Caller ID, the name and number of the party calling you will be shown on your display telephone and on your TV if you subscribe to Ace Digital TV service. (Some numbers will not be displayed if the calling party blocks their number or if their telephone company does not have the necessary equipment to handle Caller ID.)

With Call Waiting ID, you will see who is calling you when you are on the phone and hear the "beep-beep" to indicate a second call is waiting. To utilize Call Waiting ID, you need the Caller ID and Call Waiting features on your line, and a compatible display phone or add-on unit. You can purchase display phones from Ace, which also keep a log of the name, number, date and time of your incoming calls.

Monthly Charge \$4.50 for name and number
\$0.50 for Call Waiting ID

Caller ID Blocking

Prevents your telephone number from being displayed on called party's Caller ID unit or telephone.

Line Blocking will prevent your number from being displayed on all calls made from your line except calls to toll-free numbers and 911. If you are calling someone who has Caller ID, the word "Private" or "Anonymous" will be displayed instead of your telephone number. This service is available to all residential customers and some businesses, such as law enforcement agencies.

To cancel the blocking on a per call basis:

Dial *82 before dialing an outgoing number. The line is immediately reblocked after your call.

Monthly Charge.....\$1.00

Installation Charge.....no charge if added during first 90 days of service

Per Call Blocking will block your number for one call.

Dial *67 before you dial your outgoing phone number.

Monthly Charge.....no charge/available to all customers

Call Trace

Call Trace allows you to activate an immediate trace of the last incoming call. This is useful after receiving a harassing or prank call if you wish to involve law enforcement.

To activate Call Trace:

1. Hang up after a harassing call.
2. Pick up the receiver and listen for dial tone.
3. Press *57.
4. Follow recorded message to activate trace.
5. Listen for second message stating successful or unsuccessful trace.
6. Notify law enforcement agency if you wish to take action. They will contact Ace Communications Group.

You do not need to sign up for Call Trace—it is available on your line at all times.

Charge.....no charge/available to all customers

Directory

Note: All prices and services subject to change.

Last Call Return

Last Call Return gives you the telephone number of your last caller, the time and date of the call, and the option to recall that number.

To use Last Call Return:

1. Listen for dial tone.
2. Press *69.
3. Dial 1 to activate Call Return.

If their line is busy, you may hang up and your phone will continue trying for up to 30 minutes. A special callback ring will alert you if the line becomes free.

To cancel: Press *89.

Monthly Charge \$2.00

Priority Call

With Priority Call, you set up a list of telephone numbers that you would like to ring in a short-long-short ringing pattern. This lets you know that someone special is calling. If you have Call Waiting, you will have a distinctive Call Waiting tone also.

To set up a list:

1. Press *61.
2. Press #, dial the number, press #.

To access or turn off this service:

1. Press *61. Message will say if your list is on or off.
2. To turn your list on or off, dial 3.

Monthly Charge \$2.00

Repeat Dial

Repeat Dial automatically redials the last busy number you called.

To use:

1. After a busy signal, hang up. Then lift handset and listen for dial tone.
2. Press *66.

This feature is active for 30 minutes. When the line is free, you will be alerted with a distinctive ring, and the call will automatically be made.

To cancel: Press *86.

Monthly Charge \$2.00

Anonymous Call Rejection

When you have Caller ID, this service will route any incoming call that has its telephone number blocked to a recording that states you are not accepting blocked calls.

To use:

1. Listen for dial tone. Press *77.
2. Listen for confirmation message, hang up.

To cancel: Press *87 and listen for message.

Monthly Charge.....no charge/available to all customers

Selective Call Acceptance

With this service, you create a list of telephone numbers based on which calls you want. Calls not on the list will be routed to an announcement informing them their call is not being accepted at this time. Your selected calls will have a specialized ring.

To use:

1. Press *64.
2. Press #, dial the number, press #.

To access or turn off this service:

1. Press *64. Message will say if your list is on or off.
2. To turn your list on or off, dial 3.

Monthly Charge \$2.00

**Annual 47 CFR 64.2009(e) CPNI Certification
EB Docket No. 06-36**

January 29, 2013

Marlene H. Dortch, Secretary
Office of the Secretary
Federal Communications Commission
445 12th Street S.W., Suite TW-A325
Washington, D.C. 20554

**RE: Annual CPNI Compliance Certificate
Ace Telephone Association
Form 499 Filer ID #802095**

Dear Secretary Dortch,

In accordance with 47 CFR 64.2009(e), please find attached the Company's Annual Compliance Certificate for the previous calendar year, 2012. The Compliance Certificate includes the Company's:

- Statement explaining how its operating procedures ensure compliance with 47 CFR, Part 64, Subpart U;
- An explanation of any actions taken against data brokers; and
- A summary of all customer complaints received in the past year concerning the unauthorized release of customer proprietary network information (CPNI).

If you have any questions regarding this filing, please direct them to the undersigned.

Sincerely,

A handwritten signature in blue ink, appearing to read "Todd Roesler", is written over a horizontal line.

Todd Roesler
Chief Executive Officer
Ace Telephone Association

Enclosure

CERTIFICATE OF COMPLIANCE WITH PROTECTION OF CUSTOMER PROPRIETARY NETWORK INFORMATION RULES

Including:

Statement Explaining How Operating Procedures Ensure Regulatory Compliance

Explanation of Any Actions Against Data Brokers, and

Summary of all Customer Complaints Received

Todd Roesler signs this Certificate of Compliance in accordance with § 222 of the Telecommunications Act of 1996, as amended, 47 USC 222, and 47 CFR 64.2009, on behalf of Ace Telephone Association (Company), related to the previous calendar year, 2012.

This Certificate of Compliance addresses the requirement of 47 CFR 64.2009 that the Company provide:

- A "statement accompanying the certificate" to explain how its operating procedures ensure compliance with 47 CFR, Part 64, Subpart U;
- An explanation of any actions taken against data brokers; and
- A summary of all customer complaints received in the past year concerning the unauthorized release of customer proprietary network information (CPNI).

On Behalf Of The Company, I Certify As Follows:

1. I am the Chief Executive Officer of the Company, and therefore an officer of the Company. My business address is 207 E Cedar Street, Houston MN 55943.

2. I have personal knowledge of the facts stated in this Certificate of Compliance. I am responsible for overseeing compliance with the Federal Communications Commission's (FCC) rules relating to CPNI.

Statement Explaining How Operating Procedures Ensure Regulatory Compliance

3. I have personal knowledge that the Company has established operating procedures that are adequate to ensure compliance with the FCC's regulations governing CPNI.

4. The Company ensures that it is in compliance with the FCC's CPNI regulations. The Company trains its personnel regarding when they are authorized to use CPNI, when they are not authorized to use CPNI, and how to safeguard CPNI. The Company maintains a CPNI Compliance Manual in its offices for purposes of training of new and current employees, and as a reference guide for all CPNI issues. Our CPNI Compliance Manual is updated to account for changes in law relating to CPNI. The CPNI

Manual contains key all essential information and forms to ensure the Company's compliance with CPNI regulations.

5. The Company has established a system by which the status of a Customer's approval for use of CPNI, as defined in 47 USC 222(h)(1), can be clearly established prior to the use of CPNI. The Company relies on the involvement of its high-level management to ensure that no use of CPNI is made until a full review of applicable law has occurred.

6. Company personnel make no decisions regarding CPNI without first consulting with management.

7. The Company has an express disciplinary process in place for personnel who make unauthorized use of CPNI.

8. The Company's policy is to maintain records of its own sales and marketing campaigns that use CPNI. The Company likewise maintains records of its affiliates' sales and marketing campaigns that use CPNI. The Company also maintains records of all instances where CPNI was disclosed or provided to third parties, or where third parties were allowed access to CPNI. These records include a description of each campaign, the specific CPNI that was used in the campaign, and the products and services that were offered as a part of the campaign. The Company maintains these records in its offices for a minimum of one year.

9. In deciding whether the contemplated use of the CPNI is proper, management consults one or more of the following: the Company's own compliance manual, the applicable FCC regulations, and, if necessary, legal counsel. The Company's sales personnel must obtain supervisory approval regarding any proposed use of CPNI.

10. Further, management oversees the use of opt-in, opt-out, or any other approval requirements, or notice requirements (such as notification to the Customer of the right to restrict use of, disclosure of, and access to CPNI), contained in the FCC's regulations. Management also reviews all notices required by the FCC regulations for compliance therewith. Before soliciting for approval of the use of a Customer's CPNI, the Company will notify the Customer of his or her right to restrict use of, disclosure of, and access to, his or her CPNI.

11. The Company maintains records of Customer approval and disapproval for use of CPNI in a readily-available location that is consulted on an as-needed basis.

12. The Company trains its personnel for compliance with all FCC requirements for the safeguarding of CPNI, including use of passwords and authentication methods for telephone access, online access, and in-store access to CPNI, and the prevention of access to CPNI (and Call Detail Information in particular) by data brokers or "pre-texters." In-store visits require valid photo identification.

13. The Company, on an ongoing basis, reviews changes in law affecting CPNI, and updates and trains company personnel accordingly.

Explanation of Actions Against Data Brokers

14. The Company has not encountered any circumstances requiring it to take any action against a data broker during the year to which this Certificate pertains.

Summary of all Customer Complaints Received

15. The following is a summary of all customer complaints received in the past year concerning the unauthorized release of CPNI: None.

16. The Company has no knowledge of any attempt by pre-texters to access its Customer's CPNI.

The company represents and warrants that this certification is consistent with 47 CFR 1.17, which requires truthful and accurate statements to the Commission. The company also acknowledges that false statements and misrepresentations to the Commission are punishable under Title 18 of the U.S. Code and may subject it to enforcement action.

SECTION 1

DEFINITIONS

Account Information: Information that is specifically connected to the Customer's service relationship with a Carrier, including such things as an account number or any component thereof, the telephone number associated with the account, or the bill amount.

Address of Record: An address, whether postal or electronic, that a Carrier has associated with the Customer's account for at least 30 days.

Affiliate: A person that (directly or indirectly) owns or controls, is owned or controlled by, or is under common ownership or control with, another person. The term "own" means to own an equity interest (or the equivalent thereof) of more than 10 percent.

Aggregate Customer Information: Collective data that relates to a group or category of services or Customers, from which individual Customer identities and characteristics have been removed.

Breach: When a person, without authorization or exceeding authorization, has intentionally gained access to, used, or disclosed CPNI.

Carrier: See Telecommunications Carrier.

Call Detail Information: Any information that pertains to the transmission of specific telephone calls, including, for outbound calls, the number called, and the time, location, or duration of any call and, for inbound calls, the number from which the call was placed, and the time, location, or duration of any call. Remaining minutes of use is not Call Detail Information (but is CPNI).

CMRS: Commercial Mobile Radio Service.

Communications-Related Services: Telecommunications Services, Information Services typically provided by Telecommunications Carriers, and services related to the provision or maintenance of Customer Premises Equipment.

Company: Ace Telephone Association; Ace Telephone Company of Michigan, Inc.; Ace Link Telecommunications, Inc.; Allendale Telephone Company; and/or Drenthe Telephone and Communications.

Customer: A person or entity to which a Telecommunications Carrier is currently providing service.

SECTION 1

DEFINITIONS (CONT'D)

Customer Premises Equipment: Equipment deployed on the premises of a person (other than a Carrier) to originate, route, or terminate telecommunications.

Emergency Notification Services: Services that notify the public of an emergency.

Emergency Services: 9-1-1 emergency services and emergency notification services.

Emergency Support Services: Information or data base management services used in support of emergency services.

FCC: Federal Communications Commission.

Information Service: The offering of a capability for generating, acquiring, storing, transforming, processing, retrieving, utilizing, or making available information via telecommunications, and includes electronic publishing, but does not include any use of any such capability for the management, control, or operation of a telecommunications system or the management of a Telecommunications Service.

Information Services Typically Provided by Telecommunications Carriers: Information services that Telecommunications Carriers typically provide, such as Internet access or voice mail services. The term does not include retail consumer services provided using Internet websites (such as travel reservation services or mortgage lending services), whether or not such services might otherwise be considered to be Information Services.

Interconnected VoIP Service: A service that: (1) enables real-time, two-way voice communications; (2) requires a broadband connection from the user's location; (3) requires Internet protocol-compatible Customer Premises Equipment; and (4) permits users generally to receive calls that originate on the public switched telephone network and to terminate calls to the public switched telephone network.

Local Exchange Carrier: Any person engaged in the provision of telephone exchange service or exchange access. Such term does not include a person insofar as such person is engaged in the provision of a commercial mobile service (except to the extent that the FCC determines that such service should be included in the definition of the term).

SECTION 1

DEFINITIONS (CONT'D)

Opt-In Approval: A method for obtaining Customer consent to use, disclose, or permit access to the Customer's CPNI. This approval method requires that the Carrier obtain the Customer's affirmative, express consent allowing the requested CPNI usage, disclosure, or access after the Customer is provided appropriate notification of the Carrier's request.

Opt-Out Approval: A method for obtaining Customer consent to use, disclose, or permit access to the Customer's CPNI. Under this approval method, a Customer is deemed to have consented to the use, disclosure, or access to the Customer's CPNI if the Customer has failed to object thereto within the prescribed waiting period, after the Customer is provided appropriate notification of the Carrier's request for consent.

Public Safety Answering Point: The term "public safety answering point" means a facility that has been designated to receive emergency calls and route them to emergency service personnel.

Readily Available Biographical Information: Information drawn from the Customer's life history and includes such things as the Customer's social security number, or the last four digits of that number; mother's maiden name; home address; or date of birth.

Subscriber List Information: Any information (1) identifying the listed names of a Carrier's subscribers and the subscribers' telephone numbers, addresses, or primary advertising classifications (as such classifications are assigned at the time of the establishment of such service), or any combination of such listed names, numbers, addresses, or classifications; and (2) that the Carrier or an Affiliate has published, caused to be published, or accepted for publication in any directory format.

Telecommunications Carrier: Any provider of Telecommunications Services, except that such term does not include aggregators of Telecommunications Services, but does include an entity that provides Interconnected VoIP Service.

Telecommunications Service: The offering of telecommunications for a fee directly to the public, or to such classes of users as to be effectively available directly to the public, regardless of the facilities used.

Telephone Number of Record: The telephone number associated with the underlying service, but does not include the telephone number supplied as a Customer's "contact information."

SECTION 1

DEFINITIONS (CONT'D)

Valid Photo ID: A government-issued means of personal identification with a photograph such as a driver's license, passport, or comparable identification that is not expired.

SECTION 2

STATEMENT OF CORPORATE POLICY

The policy of Ace Telephone Association; Ace Telephone Company of Michigan, Inc.; Ace Link Telecommunications, Inc.; Allendale Telephone Company; and Drenthe Telephone and Communications (the Company) is to comply with the letter and spirit of all laws of the United States, including those pertaining to CPNI contained in § 222 of the Telecommunications Act of 1996, as amended, 47 USC 222, and the FCC's regulations, 47 CFR, Part 64, Subpart U. The Company's policy is to protect the confidentiality of CPNI, and to rely on the involvement of high-level management to ensure that no use of CPNI is made until a full review of applicable law has occurred.

The FCC's regulations, 47 CFR 64.2009, require the Company to implement a system to clearly establish the status of a Customer's CPNI approval prior to the use of CPNI, and to train its personnel as to when they are, and are not, authorized to use CPNI, and to have an express disciplinary process in place. This Manual constitutes the Company's policies and procedures related to CPNI.

All employees are required to follow the policies and procedures specified in this Manual.

- ◆ Any questions regarding compliance with applicable law and this Manual should be referred to Todd Roesler, 507-896-6292, or Heather Benson, 507-896-6276.
- ◆ Any violation of, or departure from, the policies and procedures in this Manual shall be reported immediately to Todd Roesler, 507-896-6292, or Heather Benson, 507-896-6276.

SECTION 3

WHAT IS CPNI?

Customer Proprietary Network Information (CPNI) is—

Information that relates to the quantity, technical configuration, type, destination, location, and amount of use of a Telecommunications Service subscribed to by any Customer of a Telecommunications Carrier, and that is made available to the Carrier by the Customer solely by virtue of the Carrier-Customer relationship; and Information contained in the bills pertaining to telephone exchange service or telephone toll service received by a Customer of a Carrier.

Examples:

- Information regarding to whom, where, and when a Customer places a call;
- Frequency, timing, and duration of calls;
- The types of service offerings to which the Customer subscribes;
- The extent to which a Customer uses a service;
- The Customer's pre-subscribed toll provider; and
- Call Detail Information on Inbound and Outbound Calls.

CPNI is Not—

- Subscriber List Information.
- Customer name, address and phone number.
- Aggregate Customer Information.

SECTION 4

USE OF CPNI IN GENERAL

- A. Duty. The Company has a duty to protect the confidentiality of its Customers' CPNI. The Company must disclose CPNI upon affirmative written request by the Customer, to any person designated by the Customer. See Appendix 4 for Sample Form.
- B. Use of CPNI Obtained from Company's Customers: Except as otherwise permitted as described in this Manual, when the Company receives or obtains CPNI by virtue of its provision of a Telecommunications Service, it can only use, disclose, or permit access to individually identifiable CPNI in its provision of:
 - 1. The Telecommunications Service from which the information is derived; or
 - 2. Services necessary to, or used in, the provision of the Telecommunications Service, including the publishing of directories.
- C. Use of CPNI Obtained from Other Carriers: When the Company receives or obtains CPNI from another Carrier for purposes of providing any Telecommunications Service, it shall use such CPNI only for such purpose, and not for its own marketing efforts.
- D. Use of Aggregate Customer Information.
 - 1. Aggregate Customer Information is collective data that relates to a group or category of services or Customers, from which individual Customer identities and characteristics have been removed.
 - 2. The Company may use, disclose, or permit access to Aggregate Customer Information, but only if it provides such information to other Carriers or persons on reasonable and nondiscriminatory terms and conditions upon reasonable request.
- E. Tracking Calls to Competitors Prohibited: The Company cannot use, disclose or permit access to CPNI to identify or track Customers that call competing service providers.

SECTION 5

USE OF CPNI: CUSTOMER APPROVAL NOT REQUIRED

The Company may use, disclose, or permit access to CPNI, without Customer approval:

- A. To provide inside wiring installation, maintenance, and repair services.
- B. For the provision of Customer Premises Equipment and call answering, voice mail or messaging, voice storage and retrieval services, fax store and forward, and protocol conversion.
- C. To protect the rights or property of the Company, or to protect users of services and other Carriers from fraudulent, abusive, or unlawful use of, or subscription to, such services.
- D. Initiate, render, bill and collect for Telecommunications Services;
- E. CMRS providers may use, disclose, or permit access to CPNI to:
 - 1. conduct research on the health effects of CMRS;
 - 2. to provide call location information concerning the user of CMRS—
 - a. to a Public Safety Answering Point, emergency medical service provider or emergency dispatch provider, public safety, fire service, or law enforcement official, or hospital emergency or trauma care facility, in order to respond to the user's call for Emergency Services;
 - b. to inform the user's legal guardian or members of the user's immediate family of the user's location in an emergency situation that involves the risk of death or serious physical harm; or
 - c. to providers of information or database management services solely for purposes of assisting in the delivery of Emergency Services in response to an emergency.
- F. Certain marketing activities as discussed on Section 6.

SECTION 6

USE OF CPNI: MARKETING WITHOUT CUSTOMER APPROVAL

- A. The Company may use, disclose, or permit access to CPNI for the purpose of providing or marketing service offerings among the categories of service (i.e., local, interexchange, and CMRS) to which the Customer already subscribes from the Company, without Customer approval.
 - Example: Customer subscribes to the primary basic local exchange service of ABC Telephone Company (ABC). ABC may use CPNI to market a different local exchange service calling plan to Customer.
- B. If the Company provides different categories of service, and a Customer subscribes to more than one category of service (the categories being local, interexchange, and CMRS) offered by the Company, the Company may share CPNI among its Affiliated entities that provide a service offering to the Customer, without Customer approval.
 - Example: Customer subscribes to the local telephone service of ABC Telephone Company (ABC), and also subscribes to the toll service of ABC. ABC may share CPNI with its Affiliate, XYZ Corp, without obtaining Customer's prior approval, if XYZ Corp provides a service offering to the customer.
- C. The Company may, without Customer approval, use CPNI to market services formerly known as adjunct-to-basic services, such as, but not limited to, speed dialing, computer-provided directory assistance, call monitoring, call tracing, call blocking, call return, repeat dialing, call tracking, call waiting, caller ID, call forwarding, and Centrex features.

SECTION 7

USE OF CPNI: ONLY WITH CUSTOMER APPROVAL

- A. The Company may not use, disclose, or permit access to CPNI to market service offerings to a Customer that are within a category of service to which the Customer does not already subscribe from the Company, unless:
 - 1. No Customer approval is necessary (as described in Section 6); or
 - 2. The Company has Customer approval to do so.
- B. If the Company provides different categories of service, but a Customer does not subscribe to more than one offering by the Company, the Company is not permitted to share CPNI with its Affiliates, except with the Customer's approval.
 - Example: Customer subscribes to the local telephone service of ABC Telephone Company (ABC), but no other service. ABC may not share CPNI with its Affiliate, XYZ Long Distance, without obtaining Customer's prior approval.
- C. The Company may obtain approval through written, oral or electronic methods.
 - 1. If the Company relies on oral approval, it bears the burden of demonstrating that such approval has been given in compliance with the FCC's regulations.
 - 2. A Customer's approval or disapproval to use, disclose, or permit access to CPNI must remain in effect until the Customer revokes or limits such approval or disapproval.
 - 3. The Company must maintain records of approval, whether oral, written or electronic, for at least one year.

SECTION 7

USE OF CPNI: ONLY WITH CUSTOMER APPROVAL (CONT'D)

- D. Except as described in Section 5.E., CMRS providers must obtain the Customer's *express prior authorization before disclosing or providing access to:*
1. Call location information concerning the user of a commercial mobile service, or
 2. Automatic crash notification information of any person other than for use in the operation of an automatic crash notification system.
- E. Use of Opt-Out and Opt-In Approval Processes: The Company may utilize the Opt-Out or Opt-In Method to obtain approval to use its Customer's individually identifiable CPNI for the purpose of marketing communications-related services to that Customer.
1. Opt-Out Method.
 - a. Not Permissible:
 - (1) To obtain approval to disclose the Customer's CPNI to joint venture partners or independent contractors.
 - (2) For the purpose of marketing non-Communications-Related Services to a Customer.
 - Example: Opt-Out Method cannot be used to obtain Customer approval to market video services.
 - b. Permissible: In cases requiring prior Customer approval for the purpose of marketing Communications-Related Services to a Customer (but not for disclosing CPNI to joint venture partners or independent contractors).
 2. Opt-In Method: Permissible in all cases requiring prior Customer approval.

SECTION 8

NOTICES REQUIRED TO OBTAIN APPROVAL TO USE CPNI

A. Mandatory Notices Regarding Solicitation.

1. Prior to soliciting any Customer approval to use, disclose, or permit access to Customers' CPNI, whether through the Opt-In Method or the Opt-Out Method, the Company must notify the Customer of the Customer's right to restrict use of, disclosure of, and access to, the Customer's CPNI.
2. Content of Notice: Customer notification must provide sufficient information to enable the Customer to make an informed decision whether to permit a Carrier to use, disclose, or permit access to, the Customer's CPNI. The notification must:
 - a. State that the Customer has a right, and the Company has a duty, under federal law, to protect the confidentiality of CPNI.
 - b. Specify the types of information that constitute CPNI and the specific entities that will receive the CPNI, describe the purposes for which CPNI will be used, and inform the Customer of the right to disapprove those uses, and deny or withdraw access to CPNI at any time.
 - c. Advise the Customer of the precise steps the Customer must take in order to grant or deny access to CPNI, and must clearly state that a denial of approval will not affect the provision of any services to which the Customer subscribes. However, the Company may provide a brief statement, in clear and neutral language, describing consequences directly resulting from the lack of access to CPNI.
 - d. Be comprehensible and not misleading.
 - e. State that any approval or denial of approval for the use of CPNI outside of the service to which the Customer already subscribes from that Carrier is valid until the Customer affirmatively revokes or limits such approval or denial.

SECTION 8

NOTICES REQUIRED TO OBTAIN APPROVAL TO USE CPNI (CONT'D)

- A. Mandatory Notices Regarding Solicitation (Cont'd).
3. If written notification is provided, the notice must be clearly legible, use sufficiently large type, and be placed in an area so as to be readily apparent to a Customer.
 4. If any portion of a notification is translated into another language, then all portions of the notification must be translated into that language.
 5. The Company may state in the notification that the Customer's approval to use CPNI may enhance its ability to offer products and services tailored to the Customer's needs. The Company also may state in the notification that it may be compelled to disclose CPNI to any person upon affirmative written request by the Customer.
 6. The Company may not include in the notification any statement attempting to encourage a Customer to freeze third-party access to CPNI.
 7. The Company's solicitation for approval must be proximate to the notification of a Customer's CPNI rights.

SECTION 8

NOTICES REQUIRED TO OBTAIN APPROVAL TO USE CPNI (CONT'D)

B. Opt-Out Notice Requirements.

The Company must provide notification to obtain Opt-Out Approval through electronic or written methods, and not by oral communication (except for one-time use of CPNI, as discussed Section 8.D. below). The contents of any such notification must comply with the requirements of Section 8.A., above, and:

1. The Company must wait a 30-day minimum period of time after giving Customers notice and an opportunity to opt-out before assuming Customer approval to use, disclose, or permit access to CPNI. The Company may, in its discretion, provide for a longer period. The Company must notify Customers as to the applicable waiting period for a response before approval is assumed.
 - a. In the case of an electronic form of notification, the waiting period begins to run from the date on which the notification was sent.
 - b. In the case of notification by mail, the waiting period begins to run on the third day following the date that the notification was mailed.
2. If the Company uses the opt-out mechanism it must provide notices to its Customers every two years.

SECTION 8

NOTICES REQUIRED TO OBTAIN APPROVAL TO USE CPNI (CONT'D)

B. Opt-Out Notice Requirements (Cont'd).

3. **Use of E-mail:** If the Company uses e-mail to provide opt-out notices, it must comply with the following additional requirements:
 - a. The Company must have express, verifiable, prior approval from consumers to send notices via e-mail regarding their service in general, or CPNI in particular;
 - b. Customers must be able to reply directly to e-mails containing CPNI notices in order to opt-out;
 - c. Opt-out e-mail notices that are returned to the Company as undeliverable must be sent to the Customer in another form before the Company may consider the Customer to have received notice; and
 - d. The subject line of the e-mail must clearly and accurately identify the subject matter of the e-mail.
 - e. The Company must make available to every Customer a method to opt-out that is of no additional cost to the Customer and that is available 24 hours a day, seven days a week. The Company may satisfy this requirement through a combination of methods, so long as all Customers have the ability to opt-out at no cost and are able to effectuate that choice whenever they choose.

C. Opt-In Notice Requirements.

The contents of any Opt-In Approval notification must comply with the requirements described in Section 8.A., above.

SECTION 8

NOTICES REQUIRED TO OBTAIN APPROVAL TO USE CPNI (CONT'D)

- D. Notice Requirements Specific to One-Time Use of CPNI.
1. The Company may use oral notice to obtain limited, one-time use of CPNI for inbound and outbound Customer telephone contacts for the duration of the call.
 2. The contents of any such notification must comply with the requirements of Section 8.A., except that the Company may omit any of the following if not relevant to the limited use for which the Carrier seeks CPNI:
 - a. The Company need not advise Customers that if they have opted-out previously, no action is needed to maintain the opt-out election.
 - b. The Company need not advise Customers that it may share CPNI with its Affiliate(s) or third parties and need not name those entities, if the limited CPNI usage will not result in use by, or disclosure to, an Affiliate or third party.
 - c. The Company need not disclose the means by which a Customer can deny or withdraw future access to CPNI, so long as the Company explains to Customers that the scope of the approval the Company seeks is limited to one-time use.
 - d. The Company may omit disclosure of the precise steps a Customer must take in order to grant or deny access to CPNI, as long as the Company clearly communicates that the Customer can deny access to his CPNI for the call.

SECTION 9

DISCLOSURE OF CPNI WITH JOINT VENTURE PARTNERS OR INDEPENDENT CONTRACTORS

The Company must obtain opt-in consent from a Customer before disclosing the Customer's CPNI to a joint venture partners or independent contractors for the purposes of marketing Communications-Related Services to that Customer. Obtaining approval using the Opt-Out Method is not permissible.

SECTION 10

COMPANY SAFEGUARDS AND RECORDKEEPING REQUIREMENTS

A. Management Safeguards.

1. Training of Company personnel will include review of this Manual by all new employees and all existing employees who have not previously done so.
2. The Company will provide additional training on an as-needed basis.
3. Company personnel will make no decisions regarding CPNI without first consulting the individual(s) listed in Section 2 of this Manual.
4. In deciding whether the contemplated use of the CPNI is proper, the individual(s) listed in Section 2 will consult this Manual, applicable FCC regulations, and, if necessary, legal counsel.
5. The person(s) listed in Section 2 will personally oversee the use of approval methods and notice requirements for compliance with all legal requirements.
6. The person(s) listed in Section 2 will also ensure that the Company complies with the opt-in requirements before sharing CPNI with any joint venture partners or independent contractors.
7. Any improper use of CPNI will result in appropriate disciplinary action in accordance with established Company disciplinary policies. Any improper use shall be treated as a serious offense, and may result in suspension or termination of employment in appropriate cases. Any Company personnel making improper use of CPNI will undergo additional training to ensure future compliance.

SECTION 10

COMPANY SAFEGUARDS AND RECORDKEEPING REQUIREMENTS (CONT'D)

A. Management Safeguards (Cont'd).

8. FCC Notification of Opt-Out Failure. The Company will provide written notice within five business days to the FCC of any instance where the opt-out mechanisms do not work properly, to such a degree that consumers' inability to opt-out is more than an anomaly.
 - a. The notice will be in the form of a letter, and will include the Company's name, a description of the opt-out mechanism(s) used, the problem(s) experienced, the remedy proposed and when it will be/was implemented, whether the relevant state commission(s) has been notified and whether it has taken any action, a copy of the notice provided to Customers, and contact information.
 - b. The Company must submit the notice even if the Company offers other methods by which consumers may opt-out.

SECTION 10

COMPANY SAFEGUARDS AND RECORDKEEPING REQUIREMENTS (CONT'D)

A. Management Safeguards (Cont'd).

9. Annual Filing of Certificate of Compliance. On an annual basis, a corporate officer of the Company will sign and file with the Federal Communications Commission (FCC) a Compliance Certificate (Appendix 1) stating his or her personal knowledge that the Company has established operating procedures that are adequate to ensure compliance with the FCC's CPNI rules. A statement will accompany the Certificate explaining how the Company's operating procedures ensure that it is or is not in compliance with the FCC's CPNI rules, as well as an explanation of any actions taken against data brokers and a summary of all Customer complaints received in the past year concerning the unauthorized release of CPNI. Additionally, the Company must report on any information it has with respect to the processes pretexters are using to attempt to access CPNI, and what steps it is taking to protect CPNI. This annual filing will be made with the FCC's Enforcement Bureau on or before March 1 in EB Docket No. 06-36, for data pertaining to the previous calendar year.
 - a. The "actions against data brokers" discussed above refers to proceedings instituted or petitions filed by the Company at either at a state or federal commission, or the court system.
 - b. The "summary of all Customer complaints received" refers to number of Customer complaints the Company has received related to unauthorized access to CPNI, or unauthorized disclosure of CPNI, broken down by category of complaint, e.g., instances of improper access by employees, instances of improper disclosure to individuals not authorized to receive the information, or instances of improper access to online information by individuals not authorized to view the information.
10. The Company will review these procedures on a continuing basis to ensure compliance with all FCC regulations, and will revise these procedures as needed to reflect any subsequent revisions to the applicable rules and regulations addressing CPNI.

SECTION 10

COMPANY SAFEGUARDS AND RECORDKEEPING REQUIREMENTS (CONT'D)

B. Recordkeeping.

1. The Company will maintain records of its own sales and marketing campaigns that use CPNI in files clearly identified as such. These records include a description of each campaign, the specific CPNI that was used in the campaign, and the products and services that were offered as a part of the campaign. The Company will maintain these records in its offices for a minimum of one year.
2. The Company will maintain records of its Affiliates' sales and marketing campaigns that use CPNI in files clearly identified as such. These records will include a description of each campaign, the specific CPNI that was used in the campaign, and the products and services that were offered as a part of the campaign. The Company will maintain these records in its offices for a minimum of one year.
3. The Company will maintain records of all instances where it discloses or provides CPNI to third parties, or where third parties are allowed access to CPNI, in files clearly identified as such. These records will include a description of each campaign, the specific CPNI that was used in the campaign, and the products and services that were offered as a part of the campaign. The Company maintains these records in its offices for a minimum of one year.
4. The Company's policy is to maintain records of Customer approval for use of CPNI, as well as notices required by the FCC's regulations, for a minimum of one year. The Company maintains records of Customer approval and disapproval for use of CPNI in a readily-available location that is consulted on an as-needed basis.
5. The Company will maintain separate files in which it will retain any court orders respecting CPNI.

SECTION 10

COMPANY SAFEGUARDS AND RECORDKEEPING REQUIREMENTS (CONT'D)

C. Authentication and Procedural Safeguards.

1. The Company must take reasonable measures to discover and protect against attempts to gain unauthorized access to CPNI.
2. The Company must properly authenticate a Customer using a method appropriate for the information sought prior to disclosing CPNI based on Customer-initiated telephone contact, online account access, or an in-store visit.
 - a. Telephone Access to CPNI containing Call Detail Information (CDI).
The Company will only disclose Call Detail Information over the telephone, based on Customer-initiated telephone contact, if the Customer first provides the Carrier with a password, as described in Section 10.C.3., that is not prompted by the Carrier asking for Readily Available Biographical Information, or Account Information. If the Customer does not provide a password, or does not wish to create a password, the Company may only disclose Call Detail Information by sending it to the Customer's Address of Record, by calling the Customer at the Telephone Number of Record (rather than using Caller ID), or by providing it in person upon presentation of a Valid Photo ID matching the Customer's Account Information.
 - If the Customer is able to provide Call Detail Information to the Company during a Customer-initiated call without the Company's assistance, then the Telecommunications Carrier is permitted to discuss the Call Detail Information, provided by the Customer (but not other Call Detail Information).
 - If a Customer requests non-Call Detail Information CPNI, the Company need not first obtain a password from the Customer, but must nevertheless authenticate the Customer.
 - The Company need not require Customer to setup a password, but must provide the Customer the option to do so.

SECTION 10

COMPANY SAFEGUARDS AND RECORDKEEPING REQUIREMENTS (CONT'D)

C. Authentication and Procedural Safeguards (Cont'd).

- b. Online Access to CPNI. The Company must authenticate a Customer without the use of Readily Available Biographical Information, or Account Information, prior to allowing the Customer online access to CPNI related to a Telecommunications Service account. Once authenticated, the Customer may only obtain online access to CPNI related to a Telecommunications Service account through a password, as described in Section 10.C.3., that is not prompted by the Company asking for Readily Available Biographical Information, or Account Information.

 - The Company may choose to block access to a Customer's account after repeated unsuccessful attempts to log into that account.
- c. In-Office Access to CPNI. The Company may disclose CPNI (including Call Detail Information) to a Customer who, in the Company's office, first presents a Valid Photo ID matching the Customer's Account Information.

SECTION 10

COMPANY SAFEGUARDS AND RECORDKEEPING REQUIREMENTS (CONT'D)

C. Authentication and Procedural Safeguards (Cont'd).

3. Establishment of a Password. In order to provide a Customer CPNI containing Call Detail Information, the Company must authenticate the Customer without the use of Readily Available Biographical Information, or Account Information. The Company may establish passwords, among other methods:
 - a. At the time of service initiation;
 - b. Using a Personal Identification Number (PIN). The Company may supply the Customer with a randomly-generated PIN, not based on Readily Available Biographical Information, or Account Information, which the Customer would then provide to the Carrier prior to establishing a password. The Company may supply the PIN to the Customer by a Company-originated voicemail or text message to the Telephone Number of Record, or by sending it to an Address of Record so as to reasonably ensure that it is delivered to the intended party.
 - c. The Company is not required to create new passwords for customers who already have a password, even if the password uses Readily Available Biographical Information. However, the Company must not prompt the Customer for Readily Available Biographical Information, and any back-up authentication method cannot use Readily Available Biographical Information.
4. Establishment of Back-up Authentication Methods. The Company may create a back-up Customer authentication method in the event of a lost or forgotten password. The back-up Customer authentication method may not prompt the Customer for Readily Available Biographical Information, or Account Information. The shared secret is the preferred method for establishing backup authentication.
5. Reauthentication. If a Customer cannot provide the correct password or the correct response for the back-up Customer authentication method, the Customer must establish a new password.

SECTION 10

COMPANY SAFEGUARDS AND RECORDKEEPING REQUIREMENTS (CONT'D)

6. Notification of Account Changes. The Company must notify a Customer immediately whenever an authentication password, Customer response to a back-up means of authentication for lost or forgotten passwords, online account, or Address of Record is created or changed.
 - a. This notification is not required when the Customer initiates service, including the selection of a password at service initiation.
 - b. This notification may be through a Company-originated voicemail or text message to the Telephone Number of Record (not caller ID), or by mail to the Address of Record, and must not reveal the changed information or be sent to the new Account Information.
 - c. A change of address should be mailed to the former address, rather than the new address.
7. Business Customer Exemption. The Company may bind itself contractually to authentication regimes other than those described in this Manual for services they provide to business Customers that have both a dedicated account representative and a contract that specifically addresses the Company's protection of CPNI.

SECTION 10

COMPANY SAFEGUARDS AND RECORDKEEPING REQUIREMENTS (CONT'D)

D. Notification of Customer Proprietary Network Information Security Breaches.

1. The Company will take reasonable steps to protect CPNI databases from hackers and other unauthorized attempts by third parties to access CPNI.
2. The Company must notify law enforcement of a Breach of its Customers' CPNI. A Breach occurs when a person, without authorization or exceeding authorization, has intentionally gained access to, used, or disclosed CPNI.
3. The Company shall not notify its Customers or disclose the Breach publicly, whether voluntarily or under state or local law or these rules, until it has completed the process of notifying law enforcement. As soon as practicable, and in no event later than seven (7) business days, after reasonable determination of the Breach, the Company shall electronically notify the United States Secret Service (USSS) and the Federal Bureau of Investigation (FBI) through a central reporting facility. The Commission will maintain a link to the reporting facility at <http://www.fcc.gov/eb/cpni>. The Company will indicate its desire to notify its Customer or class of Customers immediately concurrent with its notice to the USSS and FBI.
 - a. Notwithstanding any state law to the contrary, the Company shall not notify Customers or disclose the Breach to the public until 7 full business days have passed after notification to the USSS and the FBI except as provided in the following Paragraphs b. and c.
 - b. If the Company believes that there is an extraordinarily urgent need to notify any class of affected Customers sooner than otherwise allowed under Paragraph a. immediately above, in order to avoid immediate and irreparable harm, it shall so indicate in its notification and may proceed to immediately notify its affected Customers only after consultation with the relevant investigating agency. The Company shall cooperate with the relevant investigating agency's request to minimize any adverse effects of such Customer notification.

SECTION 10

COMPANY SAFEGUARDS AND RECORDKEEPING REQUIREMENTS (CONT'D)

- D. Notification of Customer Proprietary Network Information Security Breaches (Cont'd).
- c. If the relevant investigating agency determines that public disclosure or notice to Customers would impede or compromise an ongoing or potential criminal investigation or national security, such agency may direct the Company not to so disclose or notify for an initial period of up to 30 days. Such period may be extended by the agency as reasonably necessary in the judgment of the agency. If such direction is given, the agency shall notify the Company when it appears that public disclosure or notice to affected Customers will no longer impede or compromise a criminal investigation or national security. The agency will provide in writing its initial direction to the Company, any subsequent extension, and any notification that notice will no longer impede or compromise a criminal investigation or national security and such writings shall be contemporaneously logged on the same reporting facility that contains records of notifications filed by Carriers.
4. After the Company has completed the process of notifying law enforcement as described in Paragraphs 3.a – 3.c. above, it shall notify Customers of the Breach.
5. Recordkeeping. The Company must maintain a record, electronically or in some other manner, of any Breaches discovered, notifications made to the USSS and the FBI pursuant to the above paragraphs, and notifications made to Customers. The record must include, if available, dates of discovery and notification, a detailed description of the CPNI that was the subject of the Breach, and the circumstances of the Breach. The Company must retain the record for a minimum of 2 years.

APPENDIX 1

ANNUAL CERTIFICATE OF COMPLIANCE WITH CPNI RULES

Including—

**FILING INSTRUCTIONS AND
ACCOMPANYING COVER LETTER TO THE FCC**

Filing Instructions

Attached is a model Certificate of Compliance with the FCC's CPNI rules. It contains blanks for the insertion of Company-specific information. **The certificate must be signed by an officer (i.e., the President, V.P., Secretary) of the Company. Electronic copies of the Certificate and cover letter may be obtained from the Telecommunications Association of Michigan.**

The FCC's revised CPNI rules state that a carrier must file a "compliance certificate" each year that addresses compliance with the FCC's CPNI regulations, along with:

- A "statement accompanying the certificate" to explain how its operating procedures ensure compliance with the FCC's CPNI regulations;
- An explanation of any actions taken against data brokers; and
- A summary of all Customer complaints received in the past year concerning the unauthorized release of CPNI.

The attached Certificate of Compliance addresses these subjects in a single document. Also attached is a sample cover letter to accompany the filing.

This Certificate of Compliance must be filed on or by March 1 each year relating to the prior calendar year.

Simply filing the certificate is not enough. Your Company must make sure that it actually engages in the practices discussed in the Certificate before signing and filing it.

Below are the procedures for filing. **Electronic filing is recommended unless the Certificate contains confidential information on the Company's method of combating pretexting (See Paragraph 16 of the Certificate; consultation with legal counsel is advisable).** Mailed filings are not deemed to be filed until actually received from the FCC (47 CFR 1.7). Thus, paper filings should be mailed several days before they are due.

ELECTRONIC PAPERLESS FILING:

The easiest way to file is electronically through the FCC's Electronic Comment Filing System (ECFS): <http://www.fcc.gov/cgb/ecfs/>. Put both the cover letter and Certificate in a single PDF. Click on "Submit a Filing" on the right side of the screen. In completing the transmittal screen, filers should include their full name, U.S. Postal Service mailing address, and the proceeding number which is 06-36. Under "Document Type," select "Statement."

Additional electronic copies must go to: Byron McCoy, Telecommunications Consumers Division, Enforcement Bureau, Federal Communications Commission, byron.mccoy@fcc.gov; and Best Copy and Printing, Inc. (BCPI), fcc@bcpiweb.com.

PAPER FILING:

Companies that choose to file by paper must file an original and four copies of each filing. Filings can be sent by hand or messenger delivery, by commercial overnight courier, or by first-class or overnight U.S. Postal Service mail. All filings must be addressed to the Commission's Secretary, Marlene H. Dortch, Office of the Secretary, Federal Communications Commission, 445 12th Street, SW, Washington, DC 20554.

Companies can also send their filings using commercial overnight mail (other than U.S. Postal Service Express Mail and Priority Mail), by sending them to 9300 East Hampton Drive, Capitol Heights, MD 20743.

Additional paper copies must go to: Byron McCoy, Telecommunications Consumers Division, Enforcement Bureau, Federal Communications Commission, Room 4-A234, 445 12th Street, S.W., Washington, D.C. 20554, or by email to byron.mccoy@fcc.gov; and Best Copy and Printing, Inc. (BCPI), Portals II, 445 12th Street, S.W., Room CY-B402, Washington, D.C. 20554, (202) 488-5300, or via e-mail to fcc@bcpiweb.com.

EB Docket No. 06-36

February 4, 2011

Marlene H. Dortch, Secretary
Office of the Secretary
Federal Communications Commission
445 12th Street S.W., Suite TW-A325
Washington, D.C. 20554

RE: Form 499 Filer ID #802095

Dear Secretary Dortch,

In accordance with 47 CFR 64.2009(e), please find attached the Company's Annual Compliance Certificate for the previous calendar year, 2010. The Compliance Certificate includes the Company's:

- Statement explaining how its operating procedures ensure compliance with 47 CFR, Part 64, Subpart U;
- An explanation of any actions taken against data brokers; and
- A summary of all customer complaints received in the past year concerning the unauthorized release of customer proprietary network information (CPNI).

If you have any questions regarding this filing, please direct them to the undersigned.

Sincerely,

Todd Roesler
Chief Executive Officer
Ace Telephone Association

Enclosure

cc: Byron McCoy, Telecommunications Consumers Division, FCC Enforcement Bureau, byron.mccoy@fcc.gov

Best Copy and Printing, Inc., fcc@bcpiweb.com

CERTIFICATE OF COMPLIANCE WITH PROTECTION OF CUSTOMER PROPRIETARY NETWORK INFORMATION RULES

Including:

Statement Explaining How Operating Procedures Ensure Regulatory Compliance

Explanation of Any Actions Against Data Brokers, and

Summary of all Customer Complaints Received

Todd Roesler signs this Certificate of Compliance in accordance with § 222 of the Telecommunications Act of 1996, as amended, 47 USC 222, and 47 CFR 64.2009, on behalf of Ace Telephone Association (Company), related to the previous calendar year, 2010.

This Certificate of Compliance addresses the requirement of 47 CFR 64.2009 that the Company provide:

- A "statement accompanying the certificate" to explain how its operating procedures ensure compliance with 47 CFR, Part 64, Subpart U;
- An explanation of any actions taken against data brokers; and
- A summary of all customer complaints received in the past year concerning the unauthorized release of customer proprietary network information (CPNI).

On Behalf Of The Company, I Certify As Follows:

1. I am the Chief Executive Officer of the Company, and therefore an officer of the Company. My business address is 207 E Cedar Street, Houston MN 55943.

2. I have personal knowledge of the facts stated in this Certificate of Compliance. I am responsible for overseeing compliance with the Federal Communications Commission's (FCC) rules relating to CPNI.

Statement Explaining How Operating Procedures Ensure Regulatory Compliance

3. I have personal knowledge that the Company has established operating procedures that are adequate to ensure compliance with the FCC's regulations governing CPNI, including those adopted on March 13, 2007 in CC Docket No. 96-115.

4. The Company ensures that it is in compliance with the FCC's CPNI regulations. The Company trains its personnel regarding when they are authorized to use CPNI, when they are not authorized to use CPNI, and how to safeguard CPNI. The Company maintains a CPNI Compliance Manual in its offices for purposes of training of new and current employees, and as a reference guide for all CPNI issues. Our CPNI Compliance Manual is updated to account for changes in law, including the FCC's most

recent changes to its regulations governing CPNI, adopted on March 13, 2007 in CC Docket No. 96-115. The CPNI Manual contains key all essential information and forms to ensure the Company's compliance with CPNI regulations.

5. The Company has established a system by which the status of a Customer's approval for use of CPNI, as defined in 47 USC 222(h)(1), can be clearly established prior to the use of CPNI. The Company relies on the involvement of its high-level management to ensure that no use of CPNI is made until a full review of applicable law has occurred.

6. Company personnel make no decisions regarding CPNI without first consulting with management.

7. The Company has an express disciplinary process in place for personnel who make unauthorized use of CPNI.

8. The Company's policy is to maintain records of its own sales and marketing campaigns that use CPNI. The Company likewise maintains records of its affiliates' sales and marketing campaigns that use CPNI. The Company also maintains records of all instances where CPNI was disclosed or provided to third parties, or where third parties were allowed access to CPNI. These records include a description of each campaign, the specific CPNI that was used in the campaign, and the products and services that were offered as a part of the campaign. The Company maintains these records in its offices for a minimum of one year.

9. In deciding whether the contemplated use of the CPNI is proper, management consults one or more of the following: the Company's own compliance manual, the applicable FCC regulations, and, if necessary, legal counsel. The Company's sales personnel must obtain supervisory approval regarding any proposed use of CPNI.

10. Further, management oversees the use of opt-in, opt-out, or any other approval requirements, or notice requirements (such as notification to the Customer of the right to restrict use of, disclosure of, and access to CPNI), contained in the FCC's regulations. Management also reviews all notices required by the FCC regulations for compliance therewith. Before soliciting for approval of the use of a Customer's CPNI, the Company will notify the Customer of his or her right to restrict use of, disclosure of, and access to, his or her CPNI.

11. The Company maintains records of Customer approval and disapproval for use of CPNI in a readily-available location that is consulted on an as-needed basis.

12. The Company complies with all FCC requirements for the safeguarding of CPNI, including use of passwords and authentication methods, and the prevention of access to CPNI (and Call Detail Information in particular) by data brokers or "pre-texters."

13. The Company, on an ongoing basis, reviews changes in law affecting CPNI, and updates and trains company personnel accordingly.

Explanation of Actions Against Data Brokers

14. The Company has not encountered any circumstances requiring it to take any action against a data broker during the year to which this Certificate pertains.

Summary of all Customer Complaints Received

15. The following is a summary of all customer complaints received during the calendar year of 2008 concerning the unauthorized release of CPNI: None.

16. The Company has no knowledge of any attempt by pre-texters to access its Customer's CPNI.

APPENDIX 3

SAMPLE OPT-OUT NOTICE

OPT-OUT NOTICE

Important notice about your account

Federal law allows telephone companies and wireless telecommunications carriers to use, disclose, or permit access to your information as required by law; with your approval; or in providing the service from which your information was obtained.

What is this information?

It is information called Customer Proprietary Network Information (CPNI) and includes the phone numbers called by a consumer, the frequency, duration, and timing of such calls, and any services purchased by the consumer, such as call waiting.

Who can use this information?

Ace Communications Group and Ace Link Telecommunications, Inc. will use this information. However, we will not provide your personal information to unaffiliated third parties for the marketing of third-party products without your consent.

How can Ace use this information?

This information can be used to advise you about innovative communications services or new communications technology and products. We also provide this information to third parties in order to provide certain Ace-offered products and services, such as our long distance service through Onvoy.

Will Ace protect my information?

YES! You have the right, and we have the duty, under federal law, to protect the confidentiality of this information. Therefore, regardless of whether or not you consent to allowing us to continue providing you with marketing and educational mailings, your account information will be treated confidentially.

How does Ace protect my long distance call information?

If you or someone else calls us with questions about your call details, we will only give out the information by:

[1] calling the person back at the phone number listed on the account, or

[2] mailing the information to the billing address on file, or

[3] asking the person for the password that you had already set up for your Ace account. *(The password cannot be something familiar to others such as Social Security numbers, mother's maiden name, birth dates, etc.)*

What action is necessary on my part to show consent?

No action is necessary. If you do not contact us within 30 days and indicate that we may not use the information to continue providing you with marketing and educational mailings, we will continue to do so.

What if I do not consent?

You can contact us using the contact information below and indicate that you are withdrawing your approval of our use of your CPNI. We will not accept verbal requests; they must be written or emailed. After we receive your request, you will not receive targeted marketing information from us.

Denial of approval will not affect the provision of any services to which you subscribe. You may miss the opportunity to learn of new, innovative service proposals, new packaging that could reduce your monthly bill, or new lower rates on services such as long distance. You will still receive monthly bill inserts, quarterly newsletters, and other publications that are sent to all customers at the same time to keep you up to date on what is happening at Ace.

If I consent, can I change my mind?

YES. You can contact us at any time. Until you do so, your consent is valid.

Contact information:

Ace Communications Group.
PO Box 360
Houston, MN 55943
email: info@acegroup.cc

[Note to Company: Please consult Section 7.E. of CPNI Compliance Manual for when Opt-Out Notices are permissible.]

APPENDIX 1 – Annual Report Form

APPENDIX 2 – Employee Verification of Red Flag Compliance Manual
Review

SECTION 1

DEFINITIONS

Account: A continuing relationship established by a person with a Creditor (like the Company) to obtain a product or service for personal, family, household or business purposes, and includes the provision of services on a deferred payment basis.

Annual Report: See Section 9.

Board of Directors: The Company's board of directors.

Covered Account: An Account that the Company offers or maintains primarily for personal, family, or household purposes, that involves or is designed to permit multiple payments or transactions. Telecommunication service accounts can be Covered Accounts. The term also includes any other Account for which there is a reasonably foreseeable risk to Customers or to the Company of Identity Theft, including financial, operational, compliance, reputation, or litigation risks (See Section 4).

Company: Ace Telephone Association, Ace Telephone Company of Michigan, Inc., Ace Link Telecommunications, Inc.; Allendale Telephone Company; and Drenthe Telephone and Communications.

SECTION 1

DEFINITIONS (CONT'D)

Consumer Report: A written, oral, or other communication of any information by a consumer reporting agency bearing on a consumer's identity which is used or expected to be used or collected in whole or in part for the purpose of serving as a factor in establishing the consumer's eligibility for service to be used primarily for personal, family, or household purposes, employment purposes, or any other purpose authorized under 47 USC 1681 *et seq.*

Credit: The right granted by a Creditor, like the Company, to defer payment of debt or to incur debts and defer its payment or to purchase property or services on a deferred payment basis.

Creditor: A person, like the Company, who regularly extends, renews, or continues Credit, or who regularly arranges for the extension, renewal, or continuation of Credit, or any assignee of an original Creditor who participates in the decision to extend, renew, or continue Credit. Telecommunication service providers can be Creditors.

Customer: A person that has a Covered Account with a Creditor or a financial institution.

Identity Theft: A fraud committed or attempted using the Identifying Information of another person without authority.

SECTION 1

DEFINITIONS (CONT'D)

Identifying Information: A name or number that may be used, alone or in conjunction with any other information, to identify a specific person. The following are examples of Identifying Information:

- Name, Birth Date, Social Security Number, Drivers License or Identification, Alien Registration, Passport Number, Employer or Tax Identification Number;
- Unique Biometric Data, such as a Fingerprint, Voiceprint, Retina or Iris Image, or other Physical Representation;
- Unique Electronic Identification, Address, Routing Code.

Notice of Address Discrepancy: A notice from a consumer reporting agency informing the Company of a substantial difference between the address that the consumer provided and the address in the agency's file for the consumer.

Red Flag: See Section 3.

Readily Available Biographical Information: Information drawn from the Customer's life history and includes such things as the Customer's social security number (or the last four digits), mother's maiden name, home address, or date of birth.

Service Provider: A provider of a service directly to a financial institution or Creditor.

SECTION 2

STATEMENT OF CORPORATE POLICY

The policy of Ace Telephone Association, Ace Telephone Company of Michigan, Inc., Ace Link Telecommunications, Inc.; Allendale Telephone Company; and Drenthe Telephone and Communications (the Company) is to comply with the letter and spirit of all laws of the United States, including those pertaining to Identity Theft contained in the Fair Credit Reporting Act, as amended, 15 USC 1681 *et seq.*, and the Federal Trade Commission's (FTC's) regulations, 16 CFR Part 681. The Company's policy is to protect against the risk of Identity Theft.

The FTC's regulations require the Company to establish a written Identity Theft Prevention Program, and to train its personnel accordingly. This Manual, in conjunction with the Company's Customer Proprietary Network Information (CPNI) Manual, constitutes the Company's written Identity Theft Prevention Program.

All personnel are required to follow the policies and procedures specified in this Manual.

- ◆ Any questions regarding compliance with applicable law and this Manual should be referred to Todd Roesler, 507-896-6292; or Heather Benson, 507-896-6276.
- ◆ The following individuals are responsible for oversight of the Company's Identity Theft Prevention Program:
Todd Roesler, 507-896-6292
Heather Benson, 507-896-6276
- ◆ The Company's Board of Directors Approved this Manual on April 29, 2009.

SECTION 3

WHAT IS A RED FLAG?

A Red Flag is a pattern, practice or specific activity that indicates the possible existence of Identity Theft.

Examples of Red Flags:

- Alerts, notifications, or warnings from consumer reporting agencies, law enforcement, Customers, or victims of Identity Theft.
- Presentation of suspicious documents or personal identification information
- Unusual use or suspicious activity related to a Covered Account.

The purpose of this Manual is to set forth the Company's policies and procedures regarding Red Flags and the prevention and mitigation of Identity Theft.

SECTION 4

IDENTIFICATION OF COVERED ACCOUNTS

The Red Flag rules require the Company to periodically determine whether it *offers or maintains Covered Accounts*.

The Company will treat all Accounts involving the provision of service on a deferred-payment basis to the public (including residential and business services), as Covered Accounts. A business customer is defined as an end-user of services which is not a governmental or public entity.

The Company will, on an ongoing basis, determine whether any Accounts that it has not previously treated as Covered Accounts, should be treated as Covered Accounts.

SECTION 5

OVERVIEW OF IDENTITY THEFT PREVENTION PROGRAM

The Company endeavors to detect, prevent and mitigate Identity Theft (1) in connection with the opening of a Covered Account, and (2) with respect to existing Covered Accounts.

The Company will—

1. Identify relevant Red Flags for the Covered Accounts that the Company offers or maintains (see Section 6);
2. Detect Red Flags (see Section 6);
3. Take appropriate action to prevent and mitigate any detected Red Flags (see Section 7); and
4. Periodically update this Manual to reflect changes in risks to Customers and to the safety and soundness of the Company from Identity Theft (see Section 8).

SECTION 6

IDENTIFYING RED FLAGS

OPENING OF NEW ACCOUNTS

The Company has determined that a reasonably foreseeable risk of Identity Theft exists when prospective Customers seek to open new Accounts. The Company will therefore use reasonable measures to identify a person or entity that seeks to open a Covered Account.

This Section 6 therefore identifies Red Flags applicable to the opening of new Covered Accounts, and establishes the Company's method of detecting such Red Flags.

The Company will not provide any service for a Covered Account until it is able to reasonably identify the prospective Customer in accordance with this Section 6. If the Company detects a Red Flag during the process of opening a Covered Account, it will place the provision of service on hold until it can satisfactorily resolve the Red Flag.

SECTION 6

IDENTIFYING RED FLAGS (CONT'D)

OPENING OF NEW ACCOUNTS (CONT'D)

A. Opening of Covered Accounts for Personal, Family or Household Purposes.

- 1. Required Information:** When a prospective Customer seeks to open a Covered Account for residential service (i.e., for personal, family or household purposes), the Company will ask for the following from the prospective Customer(s) listed on the Covered Account:

- name;
- address;
- birth date;
- social security number
- an unexpired government-issued identification bearing a photograph, such as a driver's license or passport, if the Customer is at the business office to open the account.

The Company will also encourage (but not require) Customers to establish passwords as a means of protecting against potential future Identity Theft.

The Company will encourage Customers who establish passwords not to use Readily Identifiable Biographical Information.

SECTION 6

IDENTIFYING RED FLAGS (CONT'D)

OPENING OF NEW ACCOUNTS (CONT'D)

- A. Opening of Accounts for Personal, Family or Household Purposes (Cont'd).
 - 2. Identification Confirmation.
 - a. The Company will order a Consumer Report as a tool to confirm identity and will confirm the following:
 - the name, social security number and birth date provided by the prospective Customer match
 - the prospective Customer is confirmed to be age 18 or older

SECTION 6

IDENTIFYING RED FLAGS (CONT'D)

OPENING OF NEW ACCOUNTS (CONT'D)

- A. Opening of Accounts for Personal, Family or Household Purposes (Cont'd).
2. Identification Confirmation (Cont'd).
- b. If the prospective Customer is in the business office, the Company will inspect the prospective Customer's identification for any signs of falsification, such as:
- misspellings
 - a photo that does not resemble the prospective Customer
 - inconsistencies in color, texture or images (such as erasures or smudges)
 - raised edges around a photograph indicating the placement of a second photograph over an original photograph
 - card wear inconsistent with date of issuance (such as an identification that appears new but bears an issuance date of many years)
- c. The Company will create a record of the means used to verify a Customer's identity. The Company will retain such record until 5 years after the Account is closed. Upon disposal, the Company will completely destroy the record.

SECTION 6

IDENTIFYING RED FLAGS (CONT'D)

OPENING OF NEW ACCOUNTS (CONT'D)

B. Opening of Business Accounts.

For a prospective business Customer, the Company will require documents to verify the existence of the business before providing service. Such documents may include:

- Articles of Incorporation or Articles of Limited Liability Company
- Partnership agreement

Partnerships using social security numbers and sole proprietorships may use the personal information of the sole proprietor or partners.

A business customer is defined as an end-user of services which is not a governmental or public entity.

SECTION 6

IDENTIFYING RED FLAGS (CONT'D)

OPENING OF NEW ACCOUNTS (CONT'D)

- C. Examples of Red Flags in the Opening of New Accounts.
1. Alerts, notifications or warnings from consumer reporting agencies, law enforcement, Customers, Company employees, or victims of Identity Theft.
 - a. Company employee has personal knowledge that prospective Customer is using a false identity.
 - b. Consumer report contains a fraud or identity theft alert.
 - c. Consumer report reveals that the name, social security and birth date of prospective Customer don't match.
 - d. Consumer report reveals that the prospective Customer is not age 18 or older.
 - e. Consumer report reveals that social security number is associated with a deceased person.
 - f. The Company receives notice from a Customer, a victim of Identity Theft, law enforcement, or any other person that the Company may have opened an Account for a person engaged in Identity Theft.
 2. Suspicious Documents and Personal Identifying Information.
 - a. Information on the identification is inconsistent with information provided by the person opening a new Covered Account.
 - b. The person presenting the identification doesn't look like the photo or match the physical description.
 - c. Documentation that appears to have been altered or forged, or gives the appearance of having been destroyed and reassembled.

SECTION 6

IDENTIFYING RED FLAGS (CONT'D)

OPENING OF NEW ACCOUNTS (CONT'D)

C. Examples of Red Flags in the Opening of New Accounts (Cont'd).

3. Unusual Use of, or Suspicious Activity Related to, the Covered Account.

- a. A Customer advises of unauthorized charges or transactions in connection with a Covered Account, excluding charges commonly disputed in the telecommunications industry such as long distance calls, pay-per-view and video-on-demand purchases, service call charges, and reconnect charges. These charges are typically customer-initiated from their home or relate to work the Company does on-site so there is little risk of identity theft.**

SECTION 6

IDENTIFYING RED FLAGS (CONT'D)

PROTECTION OF EXISTING ACCOUNTS

The Company has policies and procedures in place to safeguard customer proprietary network information (CPNI). The Company will continue to utilize its CPNI policies procedures as a safeguard against unauthorized access to Customer CPNI, including pre-texting. Pre-texting is the practice of obtaining call record detail and other CPNI under false pretenses. The Company also monitors suspicious transactions, and verifies change of address requests in accordance with its CPNI Compliance Manual.

The Company updates its Manual to account for changes in law, and it contains all essential information and forms to ensure the Company's compliance with CPNI regulations.

The Company will continue to follow its CPNI Compliance Manual as a means of preventing Identity Theft. The Company will also continue to improve its Identity Theft Prevention Program based on its experience with past incidents of Identity Theft, and new methods of committing Identity Theft of which it becomes aware.

The Company treats the following as Red Flags—

- Alerts, notifications, or other warnings from consumer reporting agencies or Service Providers;
- Suspicious address changes;
- The unusual use of, or other suspicious activity related to, a covered Account; and
- Notice from Customers, victims of Identity Theft, law enforcement authorities, or other persons regarding possible Identity Theft in connection with a Covered Account.

SECTION 7

PREVENTING AND MITIGATING IDENTITY THEFT

The Company will respond appropriately when it detects a Red Flag. In determining how to respond, the Company will consider aggravating factors that may heighten the risk of Identity Theft.

Appropriate responses include one or more of the following depending on the circumstances:

- Monitoring a Covered Account;
- Placing the provision of service on hold until the Red Flag can satisfactorily be resolved;
- Requiring the Customer to come to the business office to present an unexpired government-issued identification bearing a photograph, such as a driver's license or passport;
- Adding a "Red Flag" warning on a Covered Account;
- Contacting the Customer;
- Reopening a Covered Account with a new account number;
- Declining to open a Covered Account for a prospective Customer;
- Closing an existing Covered Account (in accordance with state regulatory rules, if applicable);
- Not collecting on a Covered Account; or
- Notifying law enforcement (see CPNI Compliance Manual).

SECTION 8

UPDATING THE IDENTITY THEFT PREVENTION PROGRAM

The Company will update this Program periodically to reflect changes in risks to Customers or to the safety and soundness of the Company from Identity Theft.

In updating this Program, the Company will consider the following:

- The Company's experiences with Identity Theft.
- Changes in methods with which Identity Theft is committed.
- Changes in methods to detect, prevent, and mitigate Identity Theft.
- Changes in the types of Accounts that the Company offers or maintains.
- Changes in the Company's business arrangements, such as mergers, acquisitions, alliances, joint ventures, and Service Provider arrangements.

SECTION 9

ANNUAL REPORT

The Company will designate a person to be responsible for preparing an Annual Report to the Board of Directors, appropriate committee of the Board, or a designated senior-level manager.

The Annual Report will address at least the following:

- The effectiveness of the Company's policies and procedures in addressing the risk of Identity Theft in connection with the opening of Covered Accounts.
- The effectiveness of the Company's policies and procedures in addressing the risk of Identity Theft with respect to existing Covered Accounts.
- Arrangements with Service Providers.
- Significant incidents involving Identity Theft and management's response.
- Recommendations for material changes to the Company's Identity Theft Prevention Program.

The Annual Report will be in a format similar to that contained in Appendix 1.

SECTION 10

SERVICE PROVIDERS

To the extent that the Company engages a Service Provider to perform an activity *in connection with one or more Covered Accounts*, the Company will ensure that the Service Provider has its own Identity Theft Prevention Program to detect and address Red Flags.

The Company is ultimately responsible for complying with Red Flag rules even if it outsources Account-related activity to a Service Provider.

SECTION 11

USE OF CONSUMER REPORTS

To the extent that the Company uses Consumer Reports in the opening of a new Covered Account, it will comply with this Section 11.

The Company will do one or more of the following to determine whether it has a reasonable belief that the Consumer Report relates to the prospective Customer about whom it has requested the report:

- Compare the information in the Consumer Report with information the Company uses to verify the prospective Customer's identity as outlined in Section 6.
- Compare the information in the Consumer Report provided by the consumer reporting agency with information the Company obtains from third-party sources.
- Verify with the prospective Customer.

The Company will not consider a Notice of Address Discrepancy as a Red Flag due to the nature of the telecommunications industry where services are provided at an immovable physical location. Prospective customers opening accounts are typically moving to a new address that would not yet be on file with a Consumer Reporting agency.

SECTION 12

DISCIPLINARY ACTION

Any failure to follow this Manual will result in appropriate disciplinary action in accordance with established Company disciplinary policies. Such failures shall be treated as a serious offense, and may result in suspension or termination of employment in appropriate cases. The Company will also require additional training to ensure future compliance.

APPENDIX 1

ANNUAL REPORT FORM

**To be completed by the Board of Directors,
appropriate committee of the Board of Directors,
or a designated senior-level manager.**

ANNUAL REPORT FOR _____

This Annual Report constitutes _____ Company's (Company) obligation under the Federal Trade Commission's (FTC) regulations and guidelines, 16 CFR Part 681, to produce an Annual Report to address the Company's compliance with the FTC's Red Flag regulations.

1. Effectiveness of Policies and Procedures

a. Opening of Covered Accounts

The Company provides the following report regarding the effectiveness of the Company's policies and procedures in addressing the risk of Identity Theft in connection with the opening of Covered Accounts:

b. Existing Covered Accounts

The Company provides the following report regarding the effectiveness of the Company's policies and procedures in addressing the risk of Identity Theft in connection with existing Covered Accounts:

2. Arrangements with Service Providers

The Company [does/does not] outsource some services to third party Service Providers related to Covered Accounts. [If the Company "does," list them and state:] The Company has taken the following measures to ensure that its Service Provider(s) have Identity Theft Prevention Program(s) to detect and address Red Flags:

3. Significant Incidents Involving Identity Theft

The Company reports the following significant incidents involving Identity Theft and management's response:

4. Recommendations for Material Changes to the Program

The Company should consider the following changes to its Identity Theft Prevention Program.

Certification that the carrier is able to function in emergency situations

Ace Telephone Association (Carrier) is able to remain functional in an emergency situation through the use of back-up power to ensure functionality without an external power source. Carrier has backup battery reserve in its central office, which enables it to provide service for a minimum of 8 hours. Carrier's service is consistent with requirements and the obligations to provide service in emergency situations as set forth in § 54.202(a)(2).

Carrier's network is engineered to provide maximum capacity in order to handle excess traffic in the event of traffic spikes resulting from emergency situations. Carrier has redundancy in its network for use in re-rerouting traffic when facilities are damaged.
